Kidney Research UK
Funding research to save lives

Right now, the lives of over three million people in the UK are under threat from chronic kidney disease. Only with your help can we fund research to save lives.

Raise money online - The easiest way to collect donations and sponsorship for your event is to create an online fundraising page. To set up your page, go to: **www.justgiving.com/kidneyresearch** and follow the instructions. It takes just five minutes to set up your personalised page.

You can then email a link from this page to all your friends and family, making fundraising even easier.
